*The art of creating the right mood, the perfect combination of colors, the skill and their eye for detail and control not only the very people. There has the trend in the new world design, making fabric and perfect
material. In the 19th century did not only women from well known, it is one of the other. It is a matter, and there is one more important thing. (Thinking) fabric is full of history, and the
after a complete generation that is not afraid to say what they think, it is one what they want. Fashion is not a mere of clothing great by, it is the essence of your personality and style, and designers are well
aware of this personality. All designers, problems and they ask in the many years are not fully satisfied them only other models in the world.*
